## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

At Blenheim Elementary Middle school, we are striving to provide all of our students with "an education they can respect." Our school has been designated as a "value added 5" TAP school because of the academic progress we made last year, and we are continuing to make great strides with our MAP and PASS scores. Furthermore, our school has a competent and dedicated faculty and staff.

The mission of Blenheim Elementary Middle School is to work collaboratively with parents and the community to ensure students' mastery of national and state standards in a safe, clean, nurturing environment. We believe that, with proper school-wide and community support, all of our students can achieve at high levels. In addition, by providing our students with a standards-based curriculum and quarterly benchmark tests, we are creating a learning environment where students are challenged and encouraged to set and meet their individual and school-wide goals.

This year was an exciting year with our "Blast the PASS" campaign. All of our teachers and students participated in various motivational activities designed to increase student achievement in the core subject areas. In addition, we developed a school-wide literacy plan to ensure that there was rigor and relevance in the ELA lessons. An ELA Committee was also formed and was responsible for making recommendations for improving instruction in language arts. Other school-wide initiatives included the following: Limos for Learning; the Accelerated Reader Program; our first state Math Competition Team; Compass Learning; the science fair; the 100 Book Challenge; PBIS; and the creation of MAP RIT band instructional groups. These rotating RIT band instructional groups were especially beneficial to our students because this schedule gave teachers time to target specific strengths and weaknesses in ELA and math.

The Blenheim School Improvement Council and P.T.O. have been active organizations that contributed much-needed personnel and resources for many of our school-wide projects. In addition, we made a special effort this year to include more incentives that recognize and reward students for their academic successes. Some of these incentives included a MAP Test Progress Cookout for all students who met their MAP goals in two or more areas. In addition, students who scored 10 or more AR points were awarded certificates, small trophies, and other incentives for their participation and performance.

One of the final activities that brought the community into school this Spring was the May Day/ Field Day Celebration which was enjoyed by all. We will continue to strive for excellence and forge a strong partnership between the home and the school. We thank all who supported our efforts.
